

Global Alumni Career Report

Full-time Master's programs

About this career report

You can find AMS alumni worldwide!

In this report, you'll see a list of the full-time master's alumni of our master's programs from the past years.

Due to GDPR compliance, names cannot be mentioned, but we can share their year of graduation, their first employer and job title, and the country where they initially started to work. Please keep in mind this also means the professional information of these alumni refers to their first job, not necessarily to their current professional activity.

As of Fall 2020, the Master in Management and the Master in Strategic Human Resource Management have been offered in English, however prior to that they were Dutch-speaking programs, thus the country Belgium for all functions.

Career report

Master in Global Management

About this career report

You can find AMS alumni worldwide!

In this report, you'll see a list of the full-time master's alumni of the Global Management program from the past years. Due to GDPR compliance, names cannot be mentioned, but we can share their year of graduation, their first employer and job title, and the country where they initially started to work. Please keep in mind this also means the professional information of these alumni refers to their first job, not necessarily to their current professional activity.

Career report

Master in Global Supply Chain Management

About this career report

You can find AMS alumni worldwide!

In this report, you'll see a list of the full-time master's alumni of the Global Supply Chain Management program from the past years. Due to GDPR compliance, names cannot be mentioned, but we can share their year of graduation, their first employer and job title, and the country where they initially started to work. Please keep in mind this also means the professional information of these alumni refers to their first job, not necessarily to their current professional activity.

Career report

Master in Maritime & Air Transport

About this career report

You can find AMS alumni worldwide!

In this report, you'll see a list of the full-time master's alumni of the Maritime & Air Transport program from the past years. Due to GDPR compliance, names cannot be mentioned, but we can share their year of graduation, their first employer and job title, and the country where they initially started to work. Please keep in mind this also means the professional information of these alumni refers to their first job, not necessarily to their current professional activity.
