Career report

Full-time Master's programs

About this career report

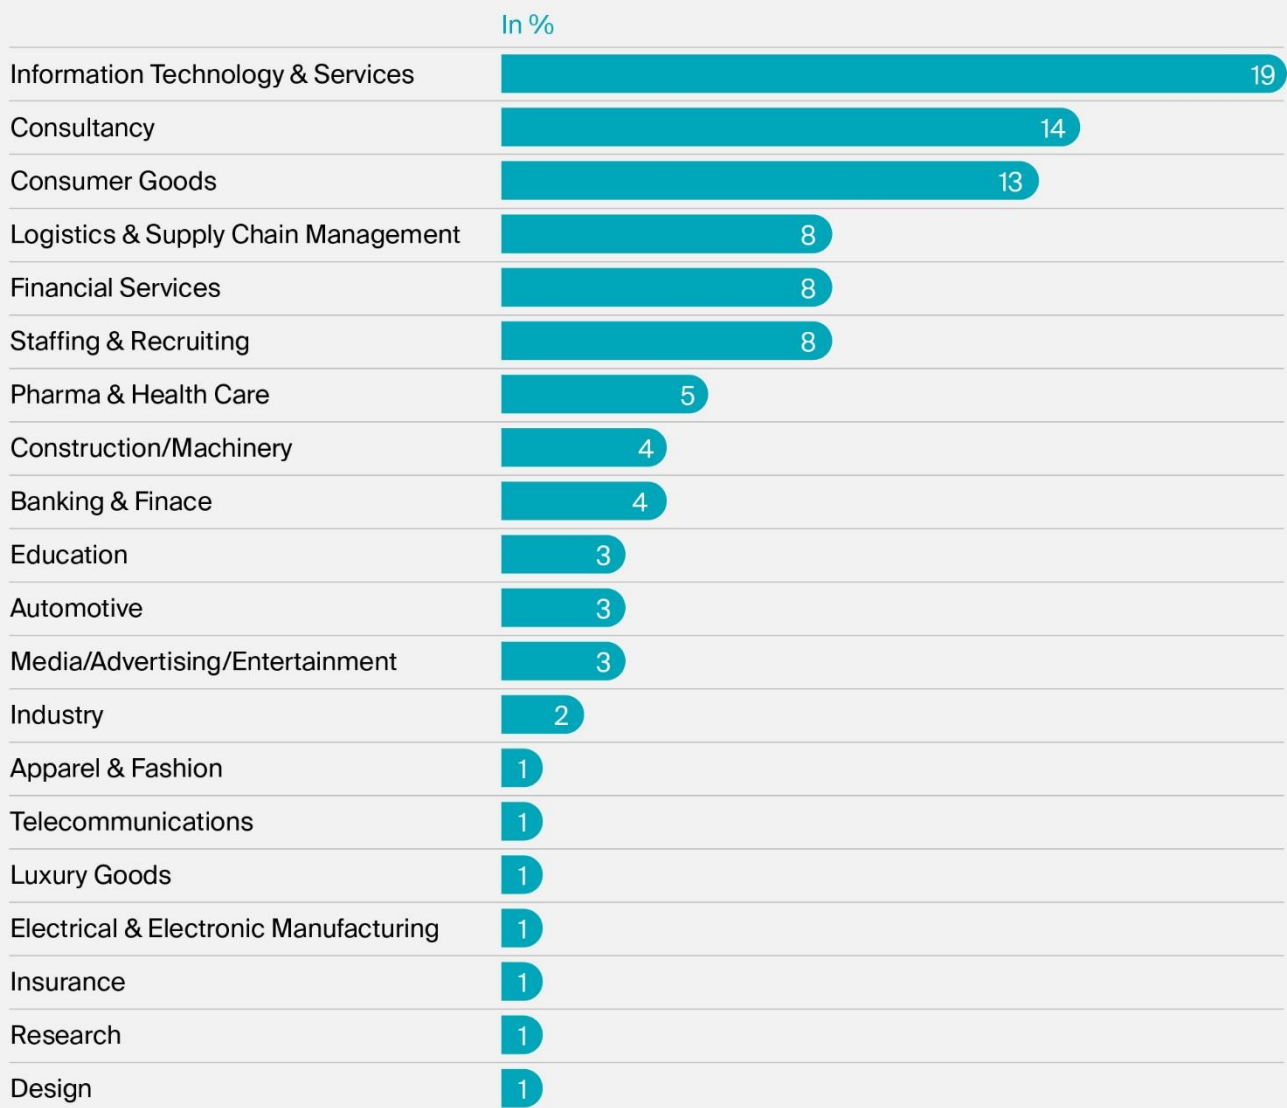

You can find AMS alumni worldwide!

In this report, you'll see a list of the full-time master's alumni of our master's programs from the past six years.

Due to GDPR compliance, names cannot be mentioned, but we can share their year of graduation, their first employer and job title, and the country where they initially started to work. Please keep in mind this also means the professional information of these alumni refers to their first job, not necessarily to their current professional activity.

As of Fall 2020, the Master in Management and the Master in Human Resources Management have been offered in English, however prior to that they were Dutch-speaking programs, thus the country Belgium for all functions.
